## RECALLERS FILE LIST IN NIGHT

County Clerk Denies  
Need of Singular  
Strategy

Through a subterfuge enacted late last night, proponents of the recall that has been attempted against Supervisor Joseph M. Kelley gained entrance to the county clerk's office and flung a supplemental petition containing fewer than 100 names upon the counter for filing.

This unexpected move was made after County Clerk George E. Gross had yesterday certified that the entire petition was insufficient, thus nullifying the efforts that have been made by the recallers for many weeks. The list of names turned in last night would not have been enough to have made the petition sufficient had they been filed in time, and the action of the recall forces is somewhat mystifying to the county clerk.

Arousing Deputy Clerk Edward Hadlen at his home in Berkeley, a person over the telephone requested that he favor him by making the trip to the county clerk's office and issue a marriage license.

"We will send an automobile for you at once," said the voice.

THE MEETS TWO PERSONS.

The car arrived and Hadlen went to the Hall of Records. There he met a man and woman who said that they were the persons who wanted the marriage license, but asked for delay, explaining that relatives were coming over from San Francisco.

While all were waiting, there was a knock at the inner door. Deputy Hadlen opened the portal and in rushed Louis Schaeffer, one-time city councilman and delegate to the Legislature for Assembly a year ago; former Justice of the Peace William R. Gear, defeated candidate for Congress a year ago; J. H. Helmstein, defeated candidate who opposed Supervisor Kelley a year ago; Charles E. Thomas of Berkeley and Oakland, one-time candidate for postmaster of Berkeley, for county assessor and other public offices, and two so-called "detectives" who have mingled with county politics for the past year.

"We want to file this petition," the spokesman said, flinging the bundle of papers on the counter.

THE COUPLE DEPART.

Then Deputy Hadlen saw through the trick as the prospective bride and groom vanished from the room, not to return.

"It appears to have been a very silly performance," said County Clerk Gross this morning. "I should have been glad to accommodate them had they asked me to file the paper. There was no reason why I should have refused. Anyone is entitled to file a document. They went to unnecessary trouble to gain entrance to the office."

One of the petitions was circulated by Mrs. Helmstein in Alameda yesterday. Another contained first name on the list, the alleged signature of Mrs. Emily Adams, 1484 Alice street, wife of George Adams, a member of the Harmon grand jury, who swore to a complaint of misrepresentation against summer Britton, one of the recall solicitors. Britton has been arrested. His case was set for hearing today in the Police Court.

COUNTY CLERK GROSS was served with a subpoena to produce the recall petition as certified by him in the court. It is thought possible that the supplementary list containing the name of Mrs. Adams, was turned in to the county clerk in order that it might be the object of another subpoena. At any rate, the county clerk is puzzled.

BRITTON BEFORE COURT.

The preliminary examination of summer Britton, charged with committing a felony by fraudulently obtaining signatures to a petition for the recall of Supervisor Joseph Kelley, was begun before Judge George Samuels today. The case was continued after an all-morning session till tomorrow. It is anticipated that Britton will be held to answer.

Six witnesses whose signatures appeared upon the Kelley recall petition testified that they had signed it under the misapprehension that it was a protest against moving the county courthouse and hall of records. They declared they had not read the petition which they signed but had trusted to statements made by Britton as to the purport of the instrument. These witnesses were: George Adams, 1484 Alice street, who swore to the complaint; A. W. Gates, a friend of Adams, who signed before

Prominent S.F. Families  
Oppose Each Other

SAN FRANCISCO, Nov. 9.—Mrs. Georgina C. Scott, widow of the late Albert W. Scott, millionaire bay merchant, and Mrs. Mary M. Lawton and Mrs. Georgina Kierulff, daughters of the late Dr. John Nightengale, prominent society people, are in the superior court today arrayed against each other for the first time in their lives. Scott and Nightengale, friends from their youth, acquired the entire block bounded by Webster, Buchanan, Haight and Page streets and forty years ago an alley was run by the Nightengales parallel with Haight street, and tapping the rear of the Scott residence at Buchanan and Page streets, which is the only property now held by that family.

Scott died in 1906 and Dr. Nightengale in 1912. Since which time a disagreement between the families has taken place. Mrs. Scott today declares that the alley has been closed to her. This cuts off her automobile driveway, and she claims that she is entitled to it and that by reason of it having been placed there by the Nightengales, they were allowed to build a set of flats with the eaves hanging over on her property.

WINS MONEY  
FOR HALTING  
WEDDINGS

SAN FRANCISCO, Nov. 9.—James Clay Dunphy, scion of a pioneer California family, who was brought before the public eye quite prominently several years ago when on a joyride to Redwood City he married Dodie Valencia, has been prevented from several marital entanglements with fair charmers by no less a person than Edward Burns, proprietor of a local Turkish bath, according to testimony introduced in the superior court today. Burns received judgment at the hands of Judge Van Nostrand for \$3355 on three promissory notes given by Dunphy, it is alleged, in 1913 and 1914. Dunphy refused payment on the paper and the suit of Burns followed.

According to the evidence introduced, Dunphy was in the habit of going the cocktail route and then visiting the baths. It was his custom to order a banquet for everybody in the place, including the employees, and in order to pay the price of these entertainments, Burns declared a note of hand was given. On two occasions \$150 was handed over by Burns in order that men might be employed to take Dunphy to a place of safe retreat and prevent him from being joined in wedlock with women of the night life. The names of the prospective brides were not revealed in the testimony. Although a stiff battle was waged by Dunphy, the judgment of the court was against him.

Following Dunphy's marriage to Dodie Valencia, annulment proceedings were brought on the part of his stepfather, who was seeking to save him from the consequences of his act. At that time Dunphy gave expression to a phrase which was somewhat characteristic. "I am going to stick by Dodie until hell freezes over," he said. Subsequently the annulment was procured.

Federal League to  
Invade N. Y. City

By Associated Press.

INDIANAPOLIS, Nov. 9.—Federal League franchises in Kansas City and Buffalo were declared forfeited at the annual meeting of the league directors held here today. The Kansas City franchise was set to be taken to New York, according to a statement issued by James A. Gillmore, president of the league, at the close of the meeting. What will be done with the Buffalo franchise was not indicated.

President Gillmore said grounds for the New York club had been obtained on Manhattan Island and plans drawn for stands to seat 55,000 persons.

The club will be strengthened to the extent of making it a representative New York club which will merit the support of the New York fans."

School Playgrounds  
Soon to Be Reopened

It is probable, according to statements made at the city hall today, that the school playgrounds concerning the closing of which there has been so much controversy, will be reopened by an order of the Board of Education to be made at the next meeting. It is believed that sufficient funds are available for this purpose and a resolution will be presented, authorizing the superintendent of schools to cause them to be reopened. The expense will not amount to over \$3000.

By Associated Press.

EL PASO, Nov. 9.—The defeat of the forces of President Cabrera of Guatemala by revolutionaries was reported today to Andres G. Garcia, Mexican consul here, in advices from Mexico City.

According to the dispatches, the revolutionaries attacked the government forces at Valle de Ixtamal and a severe battle followed.

Senator Phelan and Other  
Notables Address  
Businessmen

Most Spirited Meeting in  
City History Is  
Held

The government knows there is actual need—no pork here—for a new postoffice on account of the business you transact. • • •

The Federal Government is just as much interested in making San Francisco Bay a gala harbor as are the people who reside on its shores. The government needs it, not only for commercial purposes, but for national defense.—S. U. Senator Phelan.

Amid the cheers and applause of one of the greatest assemblies that ever gathered in the Hotel Oakland dining room where today the Chamber of Commerce-Commercial Club held its great "Oakland Spirit" luncheon, business and professional men and citizens of every walk of life, heard the bright story of Oakland's future. Three noted men, all of them familiar with the cities of their people, one a horoscope for this city upon its location, citizens, spirit, opportunities and achievements.

Hon. James D. Phelan, United States Senator and an ardent worker for California's institutions and projects, and Hon. Joseph R. Knowland, former Congressman, were the speakers, together with Hon. J. Arthur Elston of Berkeley, Congressman from this district.

CAMPAIGN PROGRESS MADE.

The affair was the feature luncheon of the present membership contest of the Chamber of Commerce. Business and professional men and citizens of every walk of life joined to make it one of the largest ever held in the one, and one of the most important in the history of the organization.

Hon. Victor H. Metcalf, former secretary of the navy and president of the chamber, acted as toastmaster for the gathering. Senator Phelan spoke on his efforts for the betterment of California, the bay region and Oakland.

"Get busy. Work. Get the Oakland spirit!"

URGE UNITED EFFORT.

This was the slogan of the Chamber of Commerce workers for the afternoon. Urging the work of the commerce chambers of the cities of the United States as the most important factor toward progress the speakers laid upon the assembled business men the duty of bringing their own member up to the highest pitch of efficiency.

Long before the speakers were heard the big dining room was filled and extra tables were placed for the guests. Crowds waited in the halls to get a glimpse of the speakers of the day.

None of the addresses was long. The business men had been promised that the affair would end at 1:30 o'clock, permitting a return to business, and this schedule was closely followed. Each address was concise, vigorous and laden with definite messages to the Oakland boosters.

Continued applause greeted President Metcalf as he rose to introduce the first speaker.

PHELAN IS CHEERED.

Cheers greeted Senator James D. Phelan, introduced by Toastmaster Metcalf.

"A former president of the Chamber of Commerce of San Francisco," said Senator Phelan, "was for twenty years in the Senate of the United States, and I desire to say in reference to George C. Perkins that no senator ever served a state more zealously, nor was anyone held in higher personal regard by his colleagues. (Applause.)

The Senate of the United States is the bulwark of the West. The composition of the House of Representatives is based upon population, and hence the East overwhelmingly controls it. The smallest state in the Union has the same representation as the largest in the Senate of the United States, and the West, standing together, can exert a very considerable influence, and so it is, that the West, smaller in population, but richer in resources than many Eastern states, may have its interests protected.

It is important, because we have so many problems of our own. I have had conference with men representing oil, sugar, short line railroads, merchant marine, dry and sweet wines and have endeavored to familiarize myself with the merits of the questions in issue. The oil industry is suffering from the hardness of the law, and, in many cases, cases equities which Congress should and doubtless will respect. Equity applies where the law, by reason of its universality, is defective. We have actually tried to apply the old plan of raising laws to the digging for the mineral oil under conditions which are totally dissimilar. The federal government expected to use the lands withdrawn by President Taft for the purpose of creating a reserve for the navy, but as the lands withdrawn were alternate sections, the railroad owning the others, it seemed to be impracticable, because the alternate sections had to be reserved would be drained by the owners of the sections which he failed to use.

WHY STATE IS FAMED.

"California is what she is because she can do what she does. Of all the states in the Union she raises the best fruit, the best raisins and apricots and these are all exported in large quantities out of the United States, and hence they do not depend upon the tariff, except in the growing of lemons, perhaps. Only seven counties in the United States grow

lemons. The expense will not amount to over \$3000.

OF NATURE'S TINT

Would Have Children Don Colors  
of Passing Seasons

Simple dress for school girls, modeled in form and tint after the natural shapes and colors of the seasons, was advocated before the representatives of mothers' clubs of Berkeley who gathered at the school board rooms this afternoon by Mrs. C. C. Boynton, wife of a prominent attorney of Berkeley and San Francisco, and advocate of simplicity and ideals in the conduct of life.

From whence come the styles of the hour? demanded Mrs. Boynton. "We trace them to the business press of their great commercial centers, working up on the weakness of the human mind, personality, caprice, vanity, insincerity, dishonesty, changeableness, wastefulness, extravagance, foolishness and negligence. They are negatives of the

positive real: emptiness, nothing."

Here is the annual program of dress which Mrs. Boynton advocated for children:

Spring—Pale greens, pinks, reds; the colors of the opening foliage and flowers.

Summer—Brilliant scarlets, orange yellow; the colors of the intense flowers.

Autumn—Soft browns, russets and maroons; the colors of the falling leaves and fading flowers.

Winter—Dull grays and browns with touch of white; the colors of the clouds and woods and snow.

WASHINGTON, Nov. 9.—Earl Kitchener's ultimate mission, during his mysterious absence from the British war office, is said by confidential information received here today to be India, where, according to the same information, British rule is confronted with a more serious state of unrest than has generally been known outside of British official circles.

Through the thick veil which the British censorship has thrown about the events in India and Egypt comes a statement that Nawab Sultan Ali Mulk, the Nizam of Hyderabad, one of the most influential of the native princes and a staunch supporter of the British, has been deposed by his people. This development, coming as one of the climaxes to successive reports of mutinies and unrest, many of which have been substantiated and admitted by the British government, is said to be the

# S. F. ELECTION SEES LIGHT VOTE

Eighteen Seeking Nine Places on Board; Ginty Sure of Victory.

SAN FRANCISCO Nov. 9.—Mrs. Mary Marks, a beautiful young matron of the Western clubwoman, member of several fraternal organizations and ardent suffragette, went out electioneering bright and early this morning and fell into the toils of the police. Mrs. Marks meant no harm. She set her alarm clock for an early hour and sauntered forth to champion the candidacy of several of her friends.

The 100-foot line was placed plainly in view in the required distance from the booth on California Street, near Steiner. But Mrs. Marks did not notice. She did not realize it at first and a moment later Patrolman F. C. Marsh placed his hand upon her shoulder and she was locked up for violating section 1215 of the election laws.

This makes it a misdemeanor to do any electioneering within 100 feet of the polls. When Mrs. Marks reached the city prison she was anxious to steer clear of reporters. She wanted no publicity, but she was anxious to get back to battle for her candidate.

"Can I go back there and work if I get bailed out?" was the one question she put to Desk Sergeant Field.

SAN FRANCISCO, Nov. 9.—With most of the principal city officials already elected at the primary, but with 15 candidates for the nine vacancies on the board of supervisors fighting hard, the regular municipal election was held today in San Francisco. Early figures by Registrar Zemansky indicated that not more than four-ninths of the total registered vote would be polled.

The police judge and nine vacancies on the board of supervisors constitute the entire ticket for today. It was expected that if rain fell not more than 60,000 votes or one-third of the registration would be totaled. With sun-shine prevailing, however, an increase in the ultimate vote was made by the registrar's office.

John Gant, candidate for assessor, is assured of election by reason of the withdrawal of actual participation on the part of Supervisor William McCarty, the opposing candidate. The fight for police judge is between Attorney Timothy L. Fitzpatrick and Edwin G. Path with the betting favoring the former and with every likelihood of his being the voter's choice. Of the eighteen candidates for supervisors, the municipal conference which championed Mayor Ralph has picked nine for endorsement, excluding John D. Kortick, the mayor's appointee. Kortick has made his battle on the strength of Mayor Ralph's championship of his cause and the latter's declaration that he wanted him elected at all cost. Despite this fact the betting on Kortick was two to one against his election. The municipal conference ticket contains the following nine names: E. J. Brandon, Fred L. Hansen, J. Emmet Hayden, Oscar Hock, Manfred S. Eichinger, Charles A. Murdock, Henry Payot, Alexander T. Vogelsang and James S. Webster.

WHOLE TICKET DOUBTFUL.

It was evident this morning that two of those who are not on the ticket were making a big battle for election and were likely to be among the favored nine. These were State Senator Edward L. Wolfe and Joseph Mulvihill, well known in politics. Both these men polled big votes in the primary, coming within the first five or the eighteen successful contestants. If these two are elected to those picked by the municipal conference ticket will not lose. Those who look to be weak are James S. Webster and Manfred S. Kohlberg. Should Kortick win it is likely that Hansen would fall by the way-side.

Of those picked by the municipal conference who seem sure of election are Oscar Hock, J. Emmet Hayden, Henry Payot, Charles A. Murdock and Alexander T. Vogelsang.

The voting was quite heavy during the early hours but nowhere near in line with the registration.

It seems certain that the total vote will be somewhere between 70,000 and 80,000, if the early returns are taken to be the average of what the day will bring forth. The total registration for the election is 130,000.

BICYCLE RACERS INTACT.

BOSTON, Nov. 9.—The same list of contestants in the six-day bicycle race remained intact today after the first night of riding. The second stroke will be started late this afternoon, with ten of the teams on even terms and Sullivan and Holbrook one lap behind.

### IDEALS IN CLOTHES.

Mrs. Boynton gave the following outlines of her ideals in clothes and her objections to the present modes. "What is man or woman?" Children are the image of the Lord. The best and holiest the world has ever had said of children. The angels do ever behold the face of the Father and of such is the Kingdom of Heaven. Then the question becomes, what are the garments of the angels? Then it is revealed that the garments of fashion are nothing.

"Then our children are naked and this is unlawful. We clothe our bodies in nothing better than the material we wear on our heads. Oh, what we might be clothed in in the eternal spiritual realm!"

The thoughts and attributes of immortality, so that when we no longer seem to be in this state of existence we could be clothed in the eternal truth."

"We would have our girls clothed in cleanliness, purity, honesty, generosity, kindliness, compassion, tenderness, firmness, nobility, strength, honor, dignity, loyalty, joy, peace, patience, courage, perseverance, humility to principle alone, temperance, beauty, intelligence, brilliancy, wisdom, understanding, virtue, virginity, chastity. These we glean from the kingdom of man and of angels. Royal attributes! These have foundations for them are from above and we know from whence they come.

### TRACED TO GREED.

"From whence come the styles of the hour? We trace them to the bottomless pit of their thought, greed, commercial avarice working upon

### San Mateo Recorder Criticised; Resigns

By Associated Press.

REDWOOD CITY, Nov. 9.—H. O. Hener, county recorder which position pays \$2500 a year, has resigned. He became known today because he had been criticized by the supervisors and other officials of San Mateo county for not having his monthly report ready on time. He had served but nine months of a four-year term.

Hener, according to county officials, has been filing his reports irregularly and on several occasions was criticized because his documents were not complete before the middle of the following month. For these delays the woman's grand jury voted to return an accusation against Hener but they failed to take evidence, so the case was dropped.

### PIONEER OF HAYWARD SUMMONED BY DEATH

HAYWARD Nov. 9.—Jene L. Christensen, a partner in the livery firm of Johnson & Christensen and one of the pioneers of this section, died in a local hospital this morning after a long illness. He had been indisposed for several months and about a week ago was removed to the hospital. He had lived here for nearly thirty years, coming here from Denmark at the age of 19 years. He started in the livery stable business and later went into partnership under the firm name of Sorenson & Christensen. Recently the business was known under the name of Johnson & Christensen.

While he took no part in civic affairs and held no public office, he was one of the leading business men of the city, belonging to half a dozen fraternal organizations, including the Masons, Eastern Star, Women of Woodcraft, Wommen of the World, and the Danish Societies, Valborg and Dania.

He was 45 years of age and leaves a widow, Mrs. Caroline Christensen, and a family consisting of Mrs. Walter Nielsen, Mrs. Henry Mathiesen and Anna, Helen and Alexander Christensen. Funeral arrangements have not yet been made.

## THREE CHILDREN SAVED FROM FIRE

Neighbor Rescues Young of Family When Home Is Destroyed.

(Continued From Page 1)

Explaining to the end of Mrs. Carlson to save her children, he said, "I am a member of the Fire Department and have fought more than 100 fires. I was driven in a several times, but I reached the bedroom occupied by Wendell and his two sisters. Carried up the two younger children. I had to hold to him to start to descend the staircase all but overcome by suffocation.

Later, he attracted by a noise coming from the burning house, returned to the scene and assisted in the work of rescue. The older girl had lost her hold on Mrs. Rasmussen, was pushed in the staircase and he was forced to come down without her. The child had a wide cut on her head and it was at considerable risk that Patrolman Yorke and Rasmussen returned up the stairs where they found the girl unconscious, weaker and almost suffocated.

Later she was taken to the house of a neighbor and her distressed mother missing her but crying she was still in her bedroom, called for some one to rescue her. Rasmussen again made his way back to the bedroom and found it empty. All three children are recovering from the effects of the smoke in the homes of neighbors where they were taken when rescued.

HOME IS SAVED

The fire department saved the Carlson home, a two-story cottage, from total destruction, the damage which was covered by insurance amounting to about \$1000.

The outbreak was discovered shortly after 10 o'clock this morning by Rasmussen, who was awakened by a noise as of dishes falling. He saw smoke coming through his bedroom from the kitchen situated below. The fire had made considerable headway and the noise of falling dishes was caused when the dishes in the kitchen pantry eaten away by the flames collapsed.

Rasmussen found Mrs. Carlson at foot of the stairs and was told that the children were still in their bedrooms. He returned upstairs with the assistance of Patrolman Yorke carried them to safety.

"I assisted in carrying the children out of the house. An one else would have done the same thing. There wasn't much to it," was all the comment Patrolman Yorke made on his plucky act.

The which almost cost the lives of the three children is of unknown origin, breaking out evidently in a small pantry in the kitchen. Captain Carlson is at present with his steamer in a port in the North Pacific, where he has been bound for two weeks.

MRS. WOERNER AGAIN SUES WEALTHY HUSBAND

Mrs. Lillian Woerner, 6502 East Fourteenth street, has again renewed her efforts to obtain a divorce from her husband, Gustav Woerner, member of a wealthy San Francisco family. Two years ago she sued him for divorce and the matter was carried through the courts with the result of their domestic and financial differences until it was finally dismissed. The couple were married at San Rafael on June 1, 1911, and it is not alleged that the defendant deserted his wife in August, 1912.

ment and his large personal following among the leaders of the natives.

So far in the war the disaffection in India and Egypt was evidently of such threatening proportions that the use of Japanese troops was being considered to take the place of native French which had been withdrawn from the English battlefields.

Except for armistice exchanges on the western front, nothing of great importance has occurred recently in that theater of war.

### Dacia Torpedoed Under French Flag

By Associated Press.

ALGERIA, Algeria, via Paris, Nov. 9, 12:35 p. m.—The French steamer ship *Vercors*, formerly known as the *Dacia*, which was seized by a French cruiser last February while carrying a cargo of cotton from the United States to Germany, has been torpedored and sunk by a German submarine.

The news of the sinking of the *Vercors* was contained in an editorial and a short note printed here today, which read:

"The French ship *Vercors*, formerly the *Dacia*, returned after her sale by the prize court, was torpedoed while conveying to Marseilles the passengers saved from the Italian steamer *Elsa Francesca*. The entire crew and passengers were landed."

### INDEMNITY TO BE CLAIMED.

By Associated Press.

WASHINGTON, Nov. 9.—The *Dacia* sailed from the United States for Rotterdam as a test ship to determine the attitude of Great Britain toward changes of registry after the outbreak of hostilities. France, in seizing the *Dacia*, claimed that she had been used to transport arms to India.

The American government, however,

took the position that while France applied that rule in the *Dacia* case, her practice in the past had not been uniform, and that actually many changes of registry had been tacitly acknowledged. It has been generally understood that claims for indemnity by the owners of the *Dacia* would be supported by the State Department.

COPENHAGEN, via London, Nov. 9.—The *Politiken* says German torpedo boats and a German submarine have captured the Swedish steamer *Capella*, bound for Denmark with a cargo of machinery and taken her into Swinemünde, where the cargo was unloaded.

The *Politiken* observes that there is intense indignation in Sweden and Denmark because of the fact that the vessel was seized in Swedish territorial waters.

ATHENS, Nov. 8, via Paris, Nov. 9, 4:55 a. m.—What appears to be a forecast that Italy will send troops to Albania to aid the Serbs is contained in a semi-official note which says that while Italy did not participate in the recent expedition of the allies to assist Serbia, she has found a better way to oppose the Austro-German-Bulgarian attack upon Serbia.

This way, the note says, was opened by the Bulgarians to themselves that they threatened to invade Albania to reach the Adriatic, a design so dangerous to Italy's interests that "the mere threat must oblige Italy to take appropriate measures to frustrate it immediately."

### SECRET MEETING HELD.

By Associated Press.

LONDON, Nov. 9, 10:43 a. m.—A Reuters dispatch from Athens, says:

"A cabinet meeting was held today, but nothing transpired as to whether the government will accept the proposals of M. Venizelos with a view to avoiding the dissolution of Parliament."

"These proposals consist either of Minister of War Yanakakis expressing regret for the incident which resulted in the overthrow of the Zaimis ministry or all the followers of M. Venizelos absenting themselves from the sessions of the chamber, giving a free hand to the other deputies who constitute a quorum."

"It is understood a majority of the ministers favor dissolution."

By Associated Press.

PARIS, Nov. 9, 10:30 a. m.—Reports from the Serbian front describe the situation as satisfactory for the allies, says a Havas dispatch from Athens filed yesterday. The French have reached Gradska.

A Bulgarian attack on Krivolak is reported to have been repulsed.

On the Anglo-French front northwest of Ghevigli the advance of the allies continues and the Bulgarians now occupy only the village of Ourmali in Serbian territory.

### GERMAN FRONT IN RUSSIA WEAKENED.

By Associated Press.

LONDON, Nov. 9, 11:45 a. m.—The central powers and their Bulgarian ally now control about two-thirds of Serbia and within a few weeks probably will have the main Serbian railroad running through Belgrade and Nish, in full operation. This will give them two routes to Constantinople, as communication by way of the Danube to Bulgaria already is open.

That this has not been accomplished without weakening the other fronts is indicated by definite news of Russian advances on the Riga-Dvinsk front, the last part of the eastern battle line on which the invaders kept up anything in the nature of a definite offensive.

Thus far the plans of the central powers in the Balkans have worked like well-oiled machinery, but the latest news from Macedonia indicates the initiative is not to be left entirely to the invaders much longer.

Reports come by way of Paris that the Anglo-French forces are making their presence felt against the Bulgarians. The entente which claims their operations are proceeding along the whole front with success, notwithstanding the handicap of operating in a different country.

### BULGARIAN FORCE CHECKED.

It is reported also that the Serbians holding part of the Macedonian front have checked the Bulgarians after inflicting heavy losses on them. If the Serbians can sustain the attack for a short period, the French should be able to join them south of Veles.

The Russians continue their policy of sharp and unexpected attacks at various points along the front. The latest of these attacks, according to Petrograd consists of three successful assaults southwest of Riga, two southwest of Dvinsk and three west of the Syra, south of the Pripyat.

## MANY TO TESTIFY IN MONGOLIA CASE

Federal Grand Jury Will Take  
Up the Smuggling  
Investigation.

SAN FRANCISCO, Nov. 9.—The federal grand jury, which has just been empaneled, will hold its first session on Thursday afternoon when the 125 gal. contraband to smugger Chinese into the port "will be taken up" in preparation for the investigation. United States Attorney John W. Preston and his assistant are today massing their evidence and lining up their witnesses. An immense number of persons have been subpoenaed, most of them having already been privately questioned by Preston and Livingston. Chinese, American, White defendants or those expected to be defendants who may be indicted are soon called before the grand jury and the fact is considered significant that Captain Harry Rice, Chief Engineer Robert Scott, Captain Engineer Walter Scott of the Mongolia should be here under bond as witnesses and nevertheless allowed to leave here without being called before the grand jury.

Yesterday Dooling went to the government. "These men are officers of the Mongolia. I expect to have some of them here as defendants before this case is finished."

This declaration was made to Federal Judge Dooling prior to the opening of the grand jury session when the attorneys requested that the three men be placed under bond to insure their return to this city. If they were needed as witnesses it would seem as though they would have to be on hand Thursday to appear before the federal grand jury. That they have been allowed to depart and that they will be available soon in New York City would make the rumor that they may be indicted in connection with the conspiracy not improbable.

What the men will be concerned and how many indictments are likely to be returned are matters being carefully guarded by the government officials.

Speakers prominent in medical and educational circles around the bay will address the big special meeting that is to be held by the Alameda County Society for the Prevention of Tuberculosis this evening at Hotel Oakland. Among them will be Dr. Alan F. Gillihan, former health director of Oakland; Dr. Adelaide Brown of San Francisco; Dr. Robert T. Leger of the University of California; and Dr. Van Blarcom, representative of the National Association for the Study and Prevention of Tuberculosis.

### WOULD PLEAD AFTER HEARING THE EVIDENCE

MARYSVILLE, Nov. 9.—Tim Shee, who talked himself into jail a few days ago, wanted to act as his own jury at his arraignment before Judge J. M. Morrissey Friday afternoon. "You are charged with stealing a quantity of wire from the Pacific Gas and Electric company. Are you guilty or not guilty?" the judge asked.

"I don't know until I hear the evidence," Shee replied.

Pending the trial, which was set for today, the defendant's bail was fixed at \$500.

#### A. F. L. Convention Hears Reports of Officers; Auto Ride Is Taken.

SAN FRANCISCO, Nov. 9.—Samuel Gompers, president of the American Federation of Labor, called to order the 35th annual convention of the organization at Eagles' Hall, at 10 o'clock this morning. The delegates assembled at the Hotel Sutter and marched through the streets headed by a big band composed of nearly all the members of the Musicians' Union to the place of meeting. Then all lined up in the sun and a photograph of the 375 delegates and the attending visitors was taken.

After the meeting had been called to order and the roll call of members taken, reports of the executive council were made by the several officers. The reading of these reports occupied the entire afternoon session.

This afternoon is to be given over to enjoyment, the delegates being loaded onto big sightseeing cars for a journey through Golden Gate Park, the Cliff House and the Presidio. Yesterday the first meeting was held at the California Building at the Exposition. This was only yesterday the opening of the regular session today and was in the nature of a reception by the exposition officials and representatives of the state and city government.

Archbishop Edward J. Hanna presided over the opening invocation. Daniel C. M'Phee acted as chairman of the day. President Charles C. Moore welcomed the delegates and President Gompers responded with a cheerful address to the association of bronze medal on the part of the exposition.

Governor Hiram Johnson and Mayor James Rolph Jr. made addresses in which they paid a tribute to the work of the federation.

### FIREMAN SAVES SCORE FROM SEAS

#### Member of Steamer Fort Bragg's Crew Risks Death to Save Passengers.

The thrilling story of how a fireman on the steamer Fort Bragg, which pounded to pieces on the coast of Lower California, saved the lives of passengers and crew after he had braved what appeared to be certain death for himself, was told in San Diego today by Captain Charles Graham of Oakland, master of the ill-fated vessel. Captain Graham is now en route to his home at 2321 Eleventh avenue.

When the Fort Bragg struck the rocks and began to sink, Captain Graham ordered a boat lowered to make a line ashore. It being his intention to rig up a breeches buoy. The boat was no sooner lowered than the racing sea tossed it into kindling wood against the side of the vessel.

Another boat was lowered only to meet with the same fate. Realizing that the passengers and crew would go down in a watery grave unless something was done to get a line ashore the captain accepted the offer of August Laren, a fireman on the Fort Bragg, to attempt to bring the seas. Laren stripped his outer garments and tied the end of a line about his waist and plunged into the sea. Men and women on the burning deck of the steamer stood aghast as they saw the high waves throw him back toward the ship.

Then began a struggle between man and element that lasted for a few hours. The men and women realized their fate rested on the success of Laren's daring attempt. That he would succeed was their prayer, that he would fail to reach shore was their opinion because the seas were running mountain high.

After fighting the seas for an hour, the man weak and exhausted was hauled on the beach. He made the "long pull" a fact. Out of the line passengers and crew were safely on an improvised breeches buoy.

The Fort Bragg is as much about to the top of her funnel and with her cargo is a total loss. Captain Graham praises the men of the cruiser San Diego for the quick run of 288 miles that was made in answer to the Fort Bragg's wireless call for help.

## PEACE REIGNS ALONG BORDER

Major-General Funston Celebrates Birthday. Youngest Man of Rank.

By Associated Press  
DETROIT, Mich., Nov. 9.—With Mexican situation quiet as a result of a failure to stop the advance of the Mexican bandit general Francisco Villa to General Venustiano Carranza, Major General Frederick Funston found it necessary to remain here and leave today for his headquarters at San Antonio, Texas.

In the opinion of army officers the conditions all along the border are settled for a few weeks at least as uneasiness was manifested concerning Nogales, Sonora across the border from here, where it was believed Villa's expected entry tonight might produce some excitement among saloonkeepers and others preparing to spend the night on this side of the border.

FUNSTON'S BIRTHDAY.

Today was General Funston's fifth birthday. He is the youngest major-general in the army. He confessed to having some sentiment concerning birthday dinners and declared he derived great happiness from the fact that his anniversary did not occur yesterday when it required twelve hours for him and his party to come 124 miles from San Diego with various dislodged railroad cars and a dinner consisting of salt pork, boiled cabbage and sour dough biscuits at an adobe cross roads trading house conducted by a Mexican cook with a camp stove as equipment.

NEUTRAL TERRITORY PLAN.

By Associated Press  
WASHINGTON, Nov. 9.—Neutral zones at Agua Prieta, Naco and Nogales, extending four miles over the border from each of these places to be patrolled by American soldiers were proposed today by Senator Ashurst to Secretary Lansing and Major-General Scott, chief of staff of the army, as a means of preventing further damage to American life and property in the Mexican border fighting. The plan will be considered.

### AVIATOR LIVES AT OAKLAND INCOGNITO

Art Smith, to Escape Curious, Changes His Name and Number.

Only the return of bundle of Chamber of Commerce membership applications, delivered to him yesterday by mail, today disclosed the fact that Art Smith, the aviator, has been living at the Hotel Oakland for the past three weeks under an assumed name. Ever since leaving San Diego the aviator has been resting in Oakland for his flights at the exposition. Smith attended social affairs here, read aviation magazines in the hotel lobby, and appeared daily on the streets, and was only recognized by one man.

The aviator registered under the name of Roy Smith of Dallas, Tex., was the final unknown for Dr. Smith, director of the Chamber of Commerce membership campaign, also lives at Hotel Oakland. The aviator was at first pursued by the deluge of Chamber of Commerce membership applications, but finally learned of his "namesake." In returning the mail he was recognized by Commercial Club attaches.

"I wanted a rest and wanted to escape the curious people. I usually have to talk to. I didn't want to talk about aviation. That's why I took the fake name," declared the aviator. He will return to Oakland after his exposition engagement.

"Big Mike," Cannibal of Terrapin Tank

"Big Mike" imported terrapin from Rocklin, Maine, now roles alone in the terrapin tank in the basement of the Hotel Oakland. He was not big when he arrived a few months ago but just hungry—but he possessed the fighting ability to get food.

One by one smaller terrapins disappeared. Cooks were questioned, and investigation after investigation was made. Last night the explanation came, when "Big Mike" was caught polishing off the last of his brethren. The great big terrapin had eaten the entire collection.

SAN FRANCISCO, Nov. 9.—Declaring that it has been losing more than \$500 a day on account of the low rates imposed upon it, Wells Fargo & Company this morning filed with the railroad commission application for authority to increase its rates to the same schedule of 100 pounds and less as permitted by the Interstate Commerce Commission and for a raise in its charges on food products and commodities. For the year ending June 30, 1915, the corporation says its net loss from business in California was \$170,000 and that for the year ending during which the rates ordered by the commission have been in effect, the loss has been \$260,000. The rates fixed by the commission took effect March 1, 1914.

**Admires the Baby.**

Everybody admires a vigorous baby, and every hopeful mother expects a healthy infant.

Experienced mothers everywhere have told of the wonderful help found in Mother's Friend, a sure, safe and dependable external remedy that reduces and overcomes pain and distress and which is supplied by any druggist.

This remarkable treatment makes the muscles, cords and ligaments flexible—expansion comes without strain—the nerves are relieved of tension and thorough comfort is enjoyed.

**JURY REACHES VERDICT**  
**WITHOUT LEAVING BOX**

Without leaving the box, a jury which heard testimony in the case against E. W. Rountreathay accused of grand larceny returned a verdict of not guilty before Superior Judge Ogden. The court so instructed the jury, holding that the defendant had been mischarged; that he should have been accused of petty larceny or embezzlement. The charges were preferred by Thomas Dowdell, a partner who claimed that Rountreathay had stolen lumber from him.

lemons and they are all in California, and portmanteau was free, and today mark the so that industry is represented by a fraction of a congressional bill, if encouraged, that industry will very soon be also well known to the world. We have turned to the world in our manufacturing, and here California will be the greatest industry. In this case we were cut off by the trip and Cape Horn. The canal has ended this. We have innumerable power in our streams and the oil that makes power. Why, an extraordinary thing knowing how invincible the California is—Mount Lassen does not erupt lava, but furnishes mud that has rendered the region about it more fertile. As for San Francisco and Oakland, let us grow together. There is nothing more important to us in our interests. We speak to you in the markets of the world and sell your goods.

"Our merchants know you, and the merchant is the representative before the world of a community. Our merchants are your merchants. You will be the big manufacturing center in the day we foreseen and we will be the merchants; but anyhow we will be the merchants—let us be the unit. Oakland and San Francisco! Wherever we go, let's go together!"

**ELECTED MEMBER.**

"The aggregate resources of California," said H. C. Capwell, "that our commercial organizations held our representatives and members as members and both have said many times that this membership was a tower of strength to them in Washington. Let us be under no handicap in this occasion to a right nomination for this extraordinary membership in this organization the Hon. D. Phelan."

By a unanimous rising vote amidst applause Senator Phelan was elected an honorary member.

**MACK SENDS MESSAGE.**

Norman E. Mack, New York's commissioner to the Exposition, was unable to be present today and the following telegram from him to President Metcalf was read:

"I regret exceedingly that I find it impossible to accept your kind invitation to attend the luncheon at the Hotel Oakland today. It would afford me the greatest pleasure to listen to the addresses to be made by the distinguished Senator from California, James D. Phelan, which I know will be a treat, and it would also be a great pleasure to meet yourself. Congressman Knowland, Mr. Roy Smith, Mr. John R. Burton and others who I know will be present on this great occasion. Please convey my regards and esteem to the business men and citizens of Oakland who I know will be represented at your luncheon today.

"(Signed)

**"NORMAN E. MACK."**

ELSTON URGES UNITY.

Congressman Arthur Elston of Berkeley, who spoke next, said:

"Disregarding invisible municipal boundaries, we have on the east coast a compact group of states, nearly 400,000 people, focusing by direct lines into the Oakland city hall. Some day it will be under one consolidated government, with a borough system guarding the individual interests of its old constituent subdivisions. This is the vision ahead of Big problems, water supply, water front, railroad and port facilities, and even now compelling a closer union of our east bay communities. In these respects the interests of Oakland, Berkeley, Alameda and contiguous municipalities are to a large extent identical. Therefore, as a citizen of Berkeley, I feel that, in becoming a member of the Oakland Chamber of Commerce and Commercial Club, I am encouraging an agency that is directly contributing to the future welfare of our city."

**DUTY IN MEMBERSHIP.**

"As your representative in Congress I feel it is my duty to become associated with an organization that touches closely the commercial, industrial and economic interests of the city of Oakland.

"San Francisco would never have conceived or carried through its plan for a great exposition except for the support and encouragement of its civic organizations. Such tasks are outside the scope of official duty—their inspiration must come from voluntary associations organized for public betterment. So, in realizing the great things that can be done in Oakland we will have need of an association such as the Chamber of Commerce and Commercial Club."

**FOR POSTOFFICE.**

Senator Phelan assured those present at today's luncheon that the whole of Congress for Oakland a new postoffice and declared that he would work for additional appropriations for the improvement of Oakland harbor.

He also declared that the Pacific Coast in general and California particularly should be strongly fortified and prepared for seaman service in the matter of national defense. Along these lines he recommended that a naval and a military training be maintained here by the government. He said:

"For some time Oakland I am accustomed to speak of your immediate needs, not the least of which is a new postoffice. Until I got into this new position I didn't know how popular postoffices are, but the government knows that there is actual need—no post in this—for a new postoffice here on account of the business you transact. I will present the matter of a new postoffice to Congress with all my zeal."

He also urged your harbor deepened wherever it is possible. You want a great system of docks on the western waterfront. I will lend my entire support to any government aid that may be necessary. The federal government is just as much interested in making San Francisco bay a great harbor as are the people who reside on its shores. The government needs it, not only for commercial purposes but for national defense. You should have a great factory here. It should be possible to manufacture all the munitions of war here for the reason that an enemy could easily blow up the bridges in the mountains, damage the Panama canal and isolate this great west from the rest of the country.

**NEED TRAINING SCHOOL.**

"We should have here also, under the new national defense program, a naval and military academy for the education of our youth. I would propose that this establishment be set up in California. I would like to see this in the center of the country, the Pacific Coast being the greatest theater of the world to be. We must have every independent means without relation to the east. This government will necessarily and advisedly shift many of its activities to the west, and Oakland with its broad acres back of it and its natural advantages will come in for many of the benefits which are bound to accrue."

**PLEAS FOR CO-OPERATION.**

Senator Phelan closed with an eloquent plea for close co-operation between the people of the bay region. "You are a city," he said, "because you have a right to be a city. The public spirit of San Francisco or Oakland will hasten its growth. For, while its growth will come ultimately, it may not come in a lifetime unless we get together and work."

"There is no danger of the growth of either city being impaired, for both are deep-rooted. San Francisco in its catastrophe lost only 75,000 people when trans-

Lavenson, who is vice-president of the Oakland Chamber of Commerce and a member of the State Retail Drygoods Association, which is opposing the bill, will read a paper showing the things in the bill other than the control of prices, its allowed uses. The bill permits manufacturers to control retail prices and, according to Lavenson, could put manufacturers in control of the merchants who sell their wares.

## Parents Should Know This Splendid Remedy

Simple Laxative Compound  
Helps to Correct Consti-  
pation in Children.

MARIE GAFF.

With all children there are times when the bowels fail to act naturally and it becomes necessary for the parents to administer a remedy. Cathartics and purgatives should never be used, as these agents afford only temporary relief, while their violent action shocks the system unduly. Mrs. Eva F. Gaff, 517 10th St., Washington, D. C., says that her little girl, Marie, had been subject to constipation, and that she found Dr. Caldwell's Syrup Pepsin the best remedy, because of its mildness, and now always keeps a bottle of it in the house.

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative herbs, free from opiates or narcotic drugs of any kind, and is an ideal remedy for children, because of its mild action and positive effect. Its use tends to strengthen the impaired bowel action and restore normal regularity. It is important that parents should know of a dependable remedy with no unpleasant after-effects, gripping

ing the intestines, etc.

## BAPTISTS OPEN BIG CONVENTION

Conferences Are Preliminary to This Evening's Sessions.

BERKELEY, Nov. 9.—With the exception of upper classes a representative of the women's Baptist church in the country, and the majority of the clergymen, held conference yesterday at the First Baptist Church, and will remain there until the close of the meeting. The meeting is the annual meeting of the Northern Baptist Convention of America.

So considerable was the interest at the women's gathering that their list of visitors had to be postponed to later in the afternoon. Miss Edith Estes, superintendent of Webster's Western Schools, and the Rev. Dr. W. M. McLean, president of the First Baptist Church, were among the speakers. The purpose of the conference is to discuss the question of how best they can assist the temperance movement in this state. The sessions were presided over by Mrs. W. A. Ward. A meeting of the advisory committee of the society was held at luncheon time.

Rev. W. M. McLean of Salem presided at the pastor's conference, which was held in the chapel of the church. The application of the gospel to individual and social problems was discussed. In the afternoon the meeting was opened by Rev. Albert Ehrhart of San Francisco. Others who participated in the program were Rev. J. A. Sutherland of San Jose, and Rev. L. H. Wood of Port Orford. Most of the speakers of the morning elicited considerable discussion.

### SONG SERVICE.

The general session of the convention will open at the church at 7:30 o'clock this evening, with a service led by the choir of the First Baptist Church under the direction of E. A. Parker. Welcome to the delegates will be extended by Rev. David A. Pitt, pastor of the First church here, and by Mayor Samuel C. Irving. Rev. C. H. Hobart of Sacramento will reply for the visitors.

Beside the report of the program committee, the address of the president will be delivered by Rev. H. E. Wilkinson. Committees on several features of the convention will be named. As the chief feature of the evening Rev. George E. Burlingame of San Francisco will deliver the annual sermon, his theme being "Building the Church."

The Social question will be the topic for consideration at tomorrow morning's session when several addresses will be made by the committee will report. In the afternoon the five-year program of the Northern Baptist convention will be considered, and in the evening the work among foreign peoples will be the theme. The convention is to last until Friday night.

### WOMEN HEAR TALKS.

The work of the missions society continued their session this afternoon, while the ministers were convening in the chapel of the church. Miss Lydia Jenkins directed the praise service. Mrs. T. S. Tompkins of Pasadena, Miss Harriet Cooper, Mrs. L. A. Johnston, Miss Mary Bamford and others participated in the program. Mary Dwyer, a Christian girl, the product of the missions in farthest India, was presented by Miss Eva Price of Myaunglone, Burma.

A paper that aroused much attention was presented to the pastors at their afternoon session by Rev. Leander Turney of Woodland, on "The Pastor and His Problems." Rev. Iddell Wood of Folsom conducted "Universal Sabbath," and Rev. Albert Ehrhart of San Francisco spoke of "Individual and Social Applications of the Gospel."

### THIEVES WITH THIRST OPERATE IN OAKLAND

Thieves who operated in Oakland last night were apparently possessed of an evil thirst. A burglar removed a pane of glass from the rear of J. C. Conlair's saloon, 511 Washington street, and took a bottle of whisky from the bar and \$17 from the cash register. A man asked to see a bottle of whisky at the saloon of Lorenzini and Venneman, 4300 East Fourteenth street, and while the bartender's back was turned, walked out with the goods. At the High street cafe, a prospective purchaser had case of wine taken out to his automobile, and while James Taylor, the bartender, was mixing out the bill, drove away with the wine.

Miss Mary Flores, 35 Monte Vista avenue, reported that her home was entered and silverware stolen. George Parker, 613 Washington street, reported that his place was entered by burglars but that nothing was taken.

### GAYLEY TO LECTURE.

BERKELEY, Nov. 9.—Masterlinck's famous play, "The Blue Bird," will be discussed by Charles M. Gayley, professor of the English language and literature and head of the department of English in the University of California, at the weekly "Great Books" lecture in the Greek theater at 4 o'clock Friday afternoon, November 12. The public will be welcome.

### ELKS TO VISIT RICHMOND.

ALAMEDA, Nov. 9.—Members of the Alameda Lodge of Elks, with this evening's meeting, are to be in Richmond and the officers of the local lodge will participate in the initiation work. Special cars will take the local herd to the Contra Costa city.

ALAMEDA GIRL BRIDE.

ALAMEDA, Nov. 9.—Miss Minnie Souza became the bride of Abundio Reyes at a simple ceremony performed by Rev. J. E. Morris, pastor of the First Christian church at his home. Mr. and Mrs. Reyes are to reside in a new home at 1075 Mound street.

### CLUB TO MEET.

ALAMEDA, Nov. 9.—The Alameda Women's Improvement club will meet tomorrow afternoon at 2 o'clock in the clubhouse on Webster street. Following the transaction of business a social will be held and some work will be prepared for Christmas.

### CLUB HOLDS DANCE.

ALAMEDA, Nov. 9.—The first of a series of dances which will be given every two weeks during the winter by the Parent-Teachers' association of the Lincoln school was held on Friday evening.

### OIL TREATMENT FOR STOMACH TROUBLES

A simple prescription made up of a combination of pure vegetable oils is producing wonderful results for sufferers from stomach, liver and intestinal troubles. The remedy, which is said to have originated in France, where it has been used by the peasantry, was introduced into this country by George H. Mayr, a leading Chicago druggist, who cured himself of severe stomach, liver and intestinal trouble by its use. Those who have used it say the first dose is sufficient to convince any one of its remarkable merit, and that within twenty-four hours the sufferer feels like a new person. This medicine, which has become known as Mayr's Wonderful Remedy, is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

BERKELEY, Nov. 9.—Miss FAY SHEA, BERKELEY GIRL, GUESSES WHAT THEY WANT AND DON'T WANT THEIR DAUGHTERS TO WEAR, WITH THE RESULT HERE PICTURED.

### GIRL BRIDE RESTORED TO HUSBAND'S EMBRACE

BERKELEY, Nov. 9.—Mr. and Mrs. Joseph Hummel are reunited, and the fact that Hummel made a sixteen-year-old maid his bride without consent of her kindred has been forgiven him. The girl, now fifteen, was given the name of Ester, for the belated permission was given, and the charge of contributing to the delinquency of a minor, held over Hummel's head, was thus removed.

His bride was formerly Miss Minnie Atwood of 2315 Spaulding avenue. With Minnie she slipped away to San Jose secretly and married him there. They remained in San Jose until the arrival of his brother, Archie G. Atwood, who preferred a charge against Hummel, angered by the elopement. Hummel explained that he did not know his wife had eloped, and that the girl without her relative's consent, gave the girl-bride back to her spouse.

### UNIVERSITY STUDENTS TO AID BELGIAN VICTIMS

BERKELEY, Nov. 9.—Plans are being perfected for efforts to be put forward on the University of California campus for the alleviation of Belgian suffering. A committee of students and faculty is at work on plans, several measures receiving its attention. On this committee are Professor Jessica B. Pickett, Professor of French; Miss Florence Cadman, Miss Helen Hopkins, Miss Jean Watson, H. A. Spinett and C. E. Street.

Beginning the middle of the month, a collection will be made for Belgians, since woolen material and other articles of clothing for shipment.

An assessment of 25 cents per student is being advocated.

The Associated Women Students have devised a material addition to the fund. They will devote 20 per cent of the counter receipts during the remainder of the year to the committee.

### SHAKESPEARE CLUB TO DISCUSS MANY PLAYS

ALAMEDA, Nov. 9.—The Shakespeare club devoted the last meeting to reviewing the plays and drama of the English and American theaters, giving their own personal conception of the author's writing. The meeting was held at the home of Mrs. Herbert Blanding and was concluded with a social call at Mrs. Harold Drane's this week and will read Rossetti's "Cyrano de Bergerac." The club listened to a lecture by Mrs. Minnie Sabin Cooper at the last meeting. Mrs. Cooper is the widow of Dr. Dudley D. Sibley of San Francisco. Her subject head was "The Drama—A Mirror and a Weapon."

### ALAMEDA SCHOOL BOARD PLANS LAND PURCHASES

ALAMEDA, Nov. 9.—The Board of Education last evening in an adjourned session and discussed the properties wanted for school purposes. The board has obtained a large plot of land on the corner of 11th and 12th streets, which will be arrived at. Last night the school directors went over the preliminary plans for the addition to the Washington school, as prepared by Architect H. H. Meyers.

### ALAMEDA HIGH SCHOOL STUDENTS TO GIVE PLAY

ALAMEDA, Nov. 9.—"A Southern Play" a pageant play written by Miss Margaret Kolliver, a student at the Alameda High School, will be presented at the Adelphi Hall Thursday afternoon; the proceeds to go to the treasury of the student body. The parts will be played by high school students. Several catchers from the Alameda High School have been trained under the direction of Miss Mary McDermott.

### TO ATTEND CONVENTION.

ALAMEDA, Nov. 9.—Superintendent of Schools C. J. DuFour leaves this evening for San Diego, where he will attend the convention of the California Council of Education to be held Friday and Saturday. Saturday morning he will also visit in Los Angeles and Pasadena, where he will inspect several new school plants, to obtain ideas for the proposed local structures. The total of local will be 100,000,000 a year.

### TO HEAR CAR PETITION.

ALAMEDA, Nov. 9.—The complaint of the Alameda Improvement club, seeking the closure of the 1000 block of Webster street, will be heard to-morrow by the Building Commission. The club has circulated petitions in the section and obtained signatures from a large number of residents, asking for the action of the commission. The club has also adopted resolutions supporting the action of the club.

### CHAIRMAN NAMED.

ALAMEDA, Nov. 9.—Mrs. Walton Parr has been chosen chairman of the California Congress of Mothers. Mrs. Parr has been an ardent worker in the Haight School Mothers' Club, and is especially popular for the work she has done in the club. ## Fad Passed Along to Grammar Grades

### ALAMEDA ASSEMBLY MEMBERS ANNOUNCED

ALAMEDA, Nov. 9.—The following is a list of the members of the Alameda Assembly, which, with a number of the leading society matrons as visitors, is giving a series of dances this winter.

BERKELEY, Nov. 9.—If you take the word of the Berkeley Federation of Mothers Club, for it, there is going to be a real lively row in this city between an innumerable girls in the Berkeley schools who are supposed to be the best in all over this matter of shocking smacks and other outer paraphernalia which the school girls adopt. There is too much of it in some places and not little in others, so the mothers are up in arms.

There was not very much objection, though some here and there, so long as only the high school girls adopted the very latest fad. But now, as the school girls decide, the fad has been passed along to the grammar grades and that is too much. One mother, at a meeting of the federation this week, said even the girls who had been to the best schools had given up the fad.

The list of objectionable features about girls' dress which the mothers were able to piece together was long indeed. Here it is, in part:

The list of objectionable features about girls' dress which the mothers were able to piece together was long indeed. The list of objectionable features about girls' dress which the mothers were able to piece together was long indeed. The list of objectionable features about girls' dress which the mothers were able to piece together was long indeed.

The mothers have various reasons for objecting to these details, among which are the fact that they are not good for the girls' health, that they are not good for the girls' health, that they are not good for the girls' health, that they are not good for the girls' health.

The discussion of the mothers occurred at their regular monthly meeting and was an echo of the annual reciprocity meeting held last week. At that time several of the Alameda societies, and the Berkeley club, agreed to work together to do something about it, and to enlist the co-operation of the board of education. ## NAT'L GRANGE READY TO CONVENE

Trains Pouring in With Delegates From All Over the U. S.

Train after train today brought in more delegates to the convention of the National Grange, which opens in this city today. The largest attendance ever recorded by the organization at a similar convention is the coming of the registration committee. Today registration and information committees worked continuously, and by tomorrow all will be in readiness for the actual sessions of the organization.

More than one hundred regular delegates had arrived today, by noon, and many more are expected by evening. Large numbers of members of the State Grange, which will meet with the national body, have also arrived.

MEETING IN AUDITORIUM.

The meetings, which will be held in the municipal auditorium, will be the most important ever held by the farmers organization. The Grange, or Patrons of Husbandry, is a secret organization designed to further the interests of farmers and farming communities. The national session will deal with rural credits, shortening of the road between consumer and producer of farm goods, and other business matters. The convention will last ten days.

Tonight the officers, delegates and members will be welcomed to California in the ball room of the Hotel Oakland. George H. Johnson, Mayor John L. Davis, and representatives of commercial organizations are scheduled to address the gathering, and several national officers will respond to their remarks.

Already all the national officers have arrived for the session. Two special

## Inevitably Stein-Bloch Might as well surrender now to Houts & Ramage

Sooner or later you are going to join the ranks of satisfied wearers of Stein-Bloch Suits and Overcoats.

Without recourse to conscription, either.

You may enlist for only one suit or overcoat but, voluntarily, you'll extend your allegiance to the end of the war for existence.

Discount anything we may say as being unneutrality.

Gather your information only from those who wear the line.

You'll find this the unanimous opinion:

STEIN-BLOCH SUITS AND OVERCOATS, AT ANY PRICE, ARE ALWAYS WELL WORTH THE MONEY.

That goes, too, regardless of the angle from which you view it.

STYLE may be all that interests you. Then you never will be disappointed in Stein-Bloch.

WEAR may be your chief consideration. Try staying with a Stein-Bloch Suit to the finish. Your patience,

MISSION SAN JOSE, WHICH HAS BEEN RESTORED BY THE NATIVE SONS AND DAUGHTERS OF ALAMEDA COUNTY. AT THE LEFT THE HISTORIC BUILDING IS SHOWN UNDER COURSE OF REPAIRS TO THE ROOF. AT THE RIGHT THE STRUCTURE IS SHOWN AS IT APPEARS TODAY, SINCE ITS RESTORATION.

## EDITOR WEARS SANTA CLARA WAR PAINT

SAN JOSE, Nov. 9.—Unless some magical remedy is efficacious, "Doc" Howard, editor of the Stanford student publication, The Stanford Palo Alto, will perform appear at the big game at Ewing field between Stanford and Santa Clara Saturday in the colors of Santa Clara College.

Howard was captured by a band of roaming Santa Clarans in San Jose at an early hour, divested of his clothing and painted in various hues. A huge "S. C." was outlined on his chest with the blackest of printer's ink, which stuck to the "Old Man of the Sea" stuck to Subhadra's back, while "Stanford" was written in red paint.

The job was then finished up with a sort of cubist effect in red and white, the colors of Santa Clara University. Howard then stood forth in the chill November morn a weird spectacle.

In an effort to even up the score with Santa Clara, five Stanford men invaded the Mission town in an automobile early this morning, carrying cans of cardinal paint and brushes. They raw smash into the arms of eight nocturnal Santa Clara University guards, who will have them before the students in general later in the day, when a sufficient punishment for them will be arranged.

Two of the names of the captures are Millard and Burbank. Further than that the Santa Clara captors have been unable to classify their prisoners.

## Historic Alameda County Landmark Comes Into Own

One hundred and eighteen years after the Padres, the hardy vanguard of western civilization gave it to the world, the Mission San Jose, oldest historic landmark in Alameda county and one of the few remaining missions in the northern part of the state, has been preserved to the world through the faithful labor and care of the Native Sons and Daughters of the Golden West.

The quaint old mission lying in its quiet nook in the eastern end of the city, encrusted with its dreams of old, of the days "before the Gringo," has been restored after five years of endeavor on the part of the Alameda county parlors of the Native Sons and the Native Daughters. Although their work of restoration has not yet been quite completed, the beloved building has been so repaired as to be immune from possibility of disintegration and consequent loss to the west.

MOVEMENT STARTED IN 1910. It was in October of 1910 that the project to restore the crumbling, tumble-down relic of dead days was first considered in an official manner by local Native Sons and Daughters. Immediately, a joint committee of every parlor of the two organizations in the county was appointed and the work of raising funds for the consummation of the project was begun.

Through the indefatigable efforts of the loyal men and women on the committee, assisted by fellow members of their organizations, the sum of \$4500 was raised and has been expended in the work up to date. This money was raised in various ways. Theater parties were held, funds left over from the last Admission Day celebration in Oakland were appropriated, a donation was received from the Historic Landmarks Committee of the Grand Parlor, and various other methods were put to use to swell the amount. All was expended in the work, the faithful committee and their assistants devoting

## TIRED MAGNATES TO CUT SCHEDULED SESSION SHORT

Tribune Representative Only  
One to Meet In-coming  
Baseball Brethren.

(By BILLY FITZ)

It was a very tired baseball party that when reached the Oakland hotel last night made up of members of the National Association of Baseball Leagues. They came in the Southern Pacific by 8:30 P.M. and were in San Francisco at 9:30 P.M.

It was after midnight when their train reached the Oakland station, and the arrival was the responsibility of The Tip.

The party has been joined by Sam Morris by Harry O'Neil, owner of the San Francisco club, and has gone to their quarters in the Hotel St. Francis.

"Tip," president of the Western League, accompanied by Charles Johnson, manager of the team, who had come out to see the Exposition, were the only stop overs at Oakland. They went to the home of one of O'Neil's friends of this town.

The news of the party was made up of M. H. Sexton, president of the National Association of Baseball Leagues; John H. French, the secretary of the board; Edward G. Burns, theurbane, tall and athletic looking president of the International Association; Thomas Chiverton, the manager of the American Association; Mr. Frank H. Davis, president of the Central League and member of the arbitration board; Charles Maul and A. F. Timme of the Milwaukee City; Timothy J. Murray, president of the New England League; and managing editor of the Boston Globe; Louis Pfeifer, manager of the Lynn club of the New England League; J. O'Neill, secretary of the New York club of the Western League; Jim Hayes, president of the Davenport club of the Western League; President Hayes of the Utica club of the New York State League; J. Smith, president of the Birmingham club of the Southern League; John Holland, president of the St. Joseph club of the Western League; F. J. Hanlon, president of the Sioux City club of the Western League; M. E. Cantillon, president of the Minneapolis club of the American Association; N. P. Corish, president of the South Atlantic League; R. H. Baugh of the Atlanta club of the South. Among the ladies in the party were Mrs. Chiverton and Mrs. Carson.

The delegation which arrived last night will be entertained at the St. Francis by the local and other delegates from the north and northwest who have come out on separate trains.

It was 1 o'clock in the morning when the party started at the St. Francis and all were worn out after their long journey.

On the way across the bay the Tip and his committee learned some things about the baseball situation and the intentions of the baseball men.

SESSION TO BE VERY BRIEF.

The annual meeting of the National Association of Baseball Leagues will be called to order by President M. H. Sexton at 10 o'clock this afternoon.

There will be a roll call and then resolution offering a vote to the family of W. M. Kavanaugh of Little Rock, which has been prepared, will be adopted.

Immediately on its adoption the meeting.

Mr. Kavanaugh up to the time of his death was the president of the Southern League and a member of the arbitration board, and was the life and spirit of former Tip.

SEXTON TO BE RE-ELECTED.

Sexton will be re-elected president of the National Association.

If the Tip and his committee funded this organization, said one of its veteran members, "and we will keep him at its head until the last act. Yes, I know he wanted to quit but when we asked him to stay with us he said 'Well, if all the boys want me, I guess I'll have to stick'."

That question is out of the way. Sexton will remain president and Farrell secretary.

There will be no peace resolutions offered at this meeting. That was determined by the arbitration board on its way to the Tip. The Tip will be let in that the minor leagues had better keep their hands off the fight between the Federal League and the major leagues.

It is the Tip's belief. So the word "peace" will not be mentioned at the San Francisco convention.

The case of Morris O'Neill or "Tip"

No More Backache

—No More Misery

Hundreds of sufferers from pains in the back and sides, bladder and urinary disorders, lumbago, rheumatism, giddiness, puffy swellings under the eyes or in the hands, and from the various forms of neuralgia and from headache, feel relief or are relieved when their symptoms are relieved. They realize that the greater part of all sickness today can be avoided by keeping the body in a healthy condition. You suffer from any of the many diseases that company weak, clogged-up or diseased kidneys you should not neglect yourself another day and run the risk of serious disease. See the catalog of Solvex, the wonderful new kidney and bladder treatment. Solvex is unique and surely on the sea of the trouble you are in, surprising to find so different you'll feel it very short time.

It doesn't matter how long you have suffered, how old you are, or what you have used. The very principle of Solvex is that it is practically impossible to take it into the human system without some beneficial results.

Solvex is pleasant to take, gives quick relief and has been so uniformly successful that many drug stores and other leading dealers in this country will be sure to sell it under a positive guarantee of relief or refund the money. No other kidney remedy we believe has had a larger number of cures so easily as can be said in this manner. The guarantee that speaks volumes for the merit of Solvex.

There is no time like the present to do a thing that ought to be done. If any one has kidney trouble today is the best time to begin curing it.—Advertisement.

## Suffering The Agony Of a Dozen Deaths

Prominent Farmer in Canada Describes His Recovery and Escape From the Operating Table.

Mr. F. Gifford  
PHOTO BY GILL

In a letter to friends at Saskatoon, Mr. F. Gifford, of the Ball Rock Farm, Maymont, Saskatchewan, Canada, says: "Thanks to Fruitoia and Traxo I am alive. I lay on my back for sixteen days, suffering the agonies of a dozen deaths. I began taking Fruitoia and was relieved of a great many gall-stones. My health is now fully restored."

Fruitoia possesses properties that act directly upon the intestinal parts. It is a great system cleanser, softening the congested waste and disintegrating the hardened particles that cause so much suffering, and quickly expels the accumulation to the great relief of the patient. Traxo is a tonic-alterative that acts on the liver and kidneys stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation. It serves to build up and strengthen the weakened, run-down system.

Fruitoia and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Oakland they can be obtained at The Owl Drug Co. stores.

## BASEBALL REPORT GIVES PECULIAR FACTS ON GAME

## YBARRONDO IS NAME TO CONJURE WITH AT MISSION

Statistics Compiled by National Association Tell Facts.

SAN FRANCISCO, Nov. 9.—Many interesting details in connection with the professional baseball season of 1914, which, for many reasons, was not productive of financial benefit to those interested in baseball with the national game, were revealed in the annual report of Secretary John H. Farley, which he presented at the annual meeting of the National Association of Professional Base-Ball Leagues here today.

A review of the business transacted by the national association during the year showed that forty minor league clubs, comprising 262 cities and towns, were members in 1913, as compared with forty-four leagues, representing 200 towns and cities in 1914. Ten of these leagues did not begin its activities until after the time which started failed to complete the season.

Qualified and the other four dropped out, their failure to continue being attributed mainly to financial difficulties and conditions which prevailed. In one league 195 games were suspended on account of rain in a four months' playing season.

For thousand four hundred and seventy-two players contracts were received, recorded and promulgated by the association during the year. One thousand and three players were released and the remaining 1,600 signed the articles of the association for release. Ninety-one optional agreements were approved by national association clubs and thirty-nine optional agreements by national association clubs. Six hundred and seventy players were reported for suspension and 236 were reported for reinstatement. Seven drafted players were claimed under the draft and 1,000 released. The 1,000 were adjusted by the association during the year. Seventeen players were drafted by the National League and a similar number by the American League.

Out of 1,000 received by the association for drafted players the American League contributed \$23,400 and the National League \$21,500. In all \$44,900 passed through the office of the national association during the current year for drafted players, optional agreements, players and others released by purchase. The following is list of the players drafted by the major and minor leagues:

## DOGS GUARD BODY OF DEAD MASTER

Judge Parker Likens U. S. Unarmed to China

By Associated Press.  
MIAMI, Fla., Nov. 8.—Judge Alton Parker of New York, in an address at a banquet here yesterday, declared that the United States should build a fleet strong enough to defend the country against any attack.

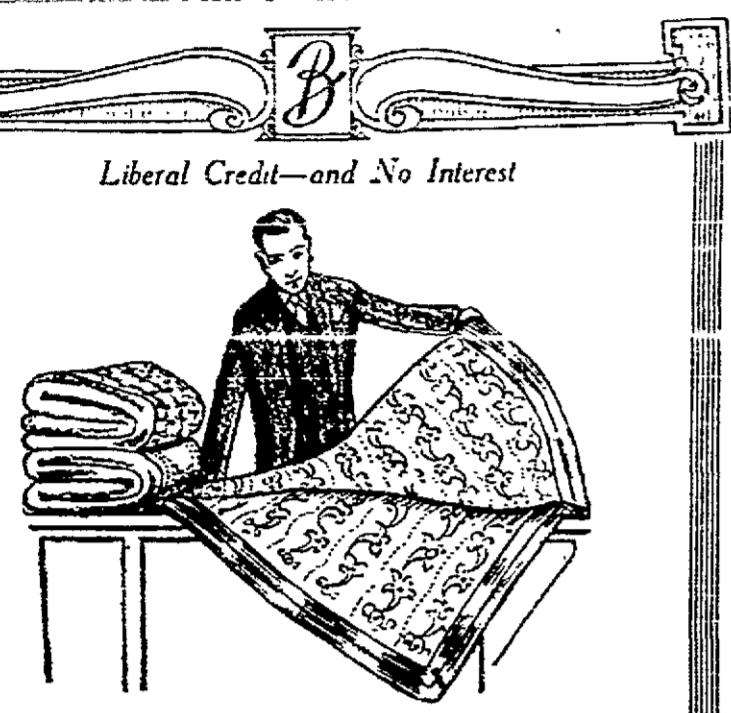

"The Monroe doctrine, hated by every nation outside the western hemisphere," he said, "was a constant source of danger."

He pointed to China as an example of unpreparedness.

Tulare Farmer Found in Field After Attack of Heart Trouble.

OAKLAND, Nov. 9.—Guarded by the two pet dogs which had been the companions of his bachelor life on a 32-acre farm just east of Tulare, the body of Frank Smith, a Greek farmer, was found in a field by George Saver, son of H. J. Saver, a neighbor. A large building and a smaller one refused to allow Saver to go near the body and he was forced to call in other neighbors before the body could be examined.

Smith is thought to have suc-

## ADVENTISTS WOULD REORGANIZE FIELD

Orient May Be Made One Great Division: Delegates in Session.

LOMA LINDA, Nov. 9.—George Johnson of Asia, Australia, the South Sea Islands and the Philippines, who for fifteen years the population of the world into a great division conference, one of the most far-reaching advance steps taken by the Society of Adventists in recent years, was the first program decided yesterday at the opening business session of the General and North American Division Conference convention on that division.

W. A. Sporer, secretary of the General and World Conference, moved that "in view of the growth of our work in the Far East and Australasia and realizing the fact that we have large areas of the world to be dealt with by us on the ground, and in response to the memorial sent to the General Conference Committee by the brethren in these fields, we recommend the creation of the Asiatic Division Conference, which shall include the present Asiatic Division, the Indian Union, and the Australasian Union field."

This motion was seconded by W. T. Knox, treasurer of the General Conference.

A. G. Daniels, president of the World Conference, made a short statement in favor of the proposal, adding that "we are unanimously in favor of an reorganization with strengthen the missionary work in the Far East."

Prof. H. R. Sather, general superintendent of the Indian Union Mission, said:

"The Orient is the greatest missionary problem American Christians must face from now until Christ comes."

Europe will evangelize Africa, he said, but America must reach the millions of India and China steeped in gross heathenism.

TELLS OF ADVANTAGES.

Prof. J. L. Shaw, for twelve years in charge of the India Mission, and Elder J. E. Fulton, president of the Australasian Union Conference, told of the great advantages from which they derived from Australia, a people of Moslem, Mohammedans, and Buddhists, the acute religion of the Orient, establishing mission schools and publishing houses, and otherwise advancing Christian missionary work, are before all our workers in that field, and they can unitedly work to better advantage than under the present arrangement," said Elder Shaw.

Elder Fulton gave a comprehensive report of the progress of the denomination in Australasia, adding that in favoring the plan, he said that the great fields of China, India, and Japan would bring about an outlet to the work in Australasia by way of sending men and women from his field as missionaries to those benighted lands. Elder Fulton said a portion of the memorial sent by the Australasian Union Conference committee in which they urged that favorable consideration be given to the proposition of setting off the Asiatic and Australasian countries into one division.

The memorial contended that such a move would add a great stimulus to missionary endeavor, and that a strong and consecrated young people from Australasia would help to plant these lands. Quite a number of young couples have already gone to the different Asiatic countries, from Australasia, the speaker declared, and others are now ready to go. He also spoke of the benefits his field would receive from the counsel that would be given by the experienced heads of the division conference, and the other members of the conference committee.

Delegates voted to adopt this measure at the next meeting of the committee, tomorrow morning.

### LAST RITES WILL BE SAID FOR BENNETT

The funeral of the late W. D. Bennett, who for many years has been connected with the Uhl Real Estate Company of San Francisco and who died at the Providence hospital yesterday morning after a sudden attack of appendicitis, will be held tomorrow afternoon at 2 o'clock from the Finney undertaking parlors in Eighteenth street. Interments will be private.

The deceased was a native of Mobley, Mo., and had been a resident of Alameda county for many years. He was 50 years of age and is survived by a widow, Mrs. Abbie Ellison Bennett; a daughter, Lynn, 6 years of age; a mother and brothers and sisters. The family home is at 14th and First street. He was a brother-in-law of William H. Ellison, clerk in the office of District Attorney Hynes. He was a member of Oakland Lodge, No. 103, Knights of Pythias.

### SOUTH TO MAKE LIFE HARD FOR WANDERER

SAN DIEGO, Nov. 9.—Hard labor will be the lot of any who caught in any one of the seven counties of Southern California. The superintendents, district attorneys and other officials of these counties, meeting with the Los Angeles city and county officials, adopted a plan of putting every vagrant captured to work on the rock piles, roads and other places requiring great physical effort.

County Comptroller, after conferring with the district attorneys of San Diego, San Bernardino, Orange and San

Diego counties, ruled that it would be illegal to pool funds and establish a great cordon of guards around Southern California to keep undesirable visitors out. The plan for concerted action was adopted as the next best thing.

### D. W. KIRKLAND DIES; WAS PIONEER OF CITY

News of the death of Derwent W. Kirkland, a business man of this city for many years, has reached his family from Los Angeles. Kirkland was a member of the old-time hardware firm of Kirkland & Trowbridge in this city, but went to Los Angeles and engaged in the drug business.

He was born on the high seas between California and Australia and took his name from the ship Derwentwater, on which he was born. He has two brothers in this city and a sister in Honolulu. He was a member of the Knights Templar order. His remains will be interred in Oakwood.

### FORTUNE FOR RIGHT GIRL

MARSHALL, Mo., Nov. 9.—Until his death a few years ago, Charles Beaupre lived in an old house on the bank of the Blackwater river. It was reported when he died that he had considerable money, but no trace of it could be found in the house or in the yard, very few coins were dug up. A short time ago a flood washed away the old house and exposed a corner of an iron box buried under it. In the box was a will and several deeds to land. Also, there was \$200,000 in gold coin and nuggets. The entire treasure and all the land was left to Minnie Beaupre, a niece of the old man but her mother died several years ago and it was found that she had moved away, all trace of her having been lost.

## LANE PROPHECIES A NEW EUROPE

Secretary, in Address, Pictures Warring Nations Realizing America's Real Liberty.

By Associated Press.  
RALEIGH, N. C., Nov. 9.—A new and greater Europe with the peoples of the warring nations coming to last to a realization of the real liberty Americans gained so long ago, was "predicted" last night by the Secretary of the Interior, Franklin K. Lane, in an address before the State Literary and Historical Association of North Carolina. He said in part:

"We look with horror upon the inhumanity of human nature and say to ourselves:

"It is this that Christianity has brought. What has become of the sweet song of the brotherhood of man?" Whether has shown that sense of outrage against injustice that men now die by the million because a prince was killed in Serbia."

"But these are the words of an unthinking despair. Surely our memories have not failed us. We must look back, look through this blind storm of fire and see the Europe that was, and that will be again. Then there was to be seen a pillar fire leading the multitude of England trying to reach her lands for her people—Germany, impetuous and with a transfer of political power from the few to the many—Russia slowly emerging from the middle ages with her grouping Dame France, la belle France, gentle gracious, glorious France, living out the philosophy incorporated in the first lines of our own Declaration of Independence.

"Europe may burn up. Her people may be blasted by bankruptcy. Her national lives may be made to follow new channels. Her industries may be buried. Her sons may fall in the blood and the brains of many millions."

Pastor of Derby may find her shell-furrowed fields. She may set up for a day new standards of national greatness. But all these can not destroy the passionate purpose of her people to decide for themselves what chains they will bear and what sacrifices they will make. For chains and sacrifices must be; these mean social life, and only the anarchist dreams of a life without restraint.

"But Europe knows that it may have what we Americans long ago gained, that degree of freedom in which sacrifice is made—consciously and proudly made—for those and to those with whom we have a common interest. And this is liberty."

### WILL HOLD TESTS FOR NEW FEDERAL OFFICES

### MRS. PALMER ACQUITTED OF CHARGE OF MURDER

FRESNO, Nov. 9.—Eddie Palmer was acquitted of the charge of murder by a jury in the Superior Court yesterday, the jury in the first trial failing to agree. The case was given to the jury yesterday and after being out three hours a verdict of not guilty was returned.

Palmer was charged with causing the death of her husband by burning him with gasoline. She declared that it was heating her at the time and that when she threw the gasoline it was ignited by a lamp and that the burning was due to this. The trial occupied three days.

### Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds or More.

"I'd certainly give more anything to be able to fat up a few pounds and stay that way. Besides even excessively thin is impossible, despite past failures. Most people are victims of mal-nutrition, a condition which prevents the fatty elements from being taken up by the blood as they are when the body is normal. Instead of getting into the blood much of the fat and meat producing elements stay in the intestines and are passed out in the stool. This can be remedied by eating a healthy, normal amount of food."

"The nutritive processes must be artificially assisted to do what nature has denied them. This can be easily best be accomplished by eating a Sargol tablet with every meal. Sargol is a special combination of six splendid assimilable elements which are easily mixed with the food to turn up the blood and start the metabolism of what you have eaten into rich, fine nourishment for the tissues. The blood and its rapid action has been greatly improved by the use of Sargol. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless."

Sargol is sold by Oregon Health Store and other druggists everywhere and each package contains a guarantee of one month's supply.

Note: Sargol is recommended only as a flesh builder and while excellent results have been reported, care should be taken about using it unless a gain of weight is desired.—Advertisement.
